

Statement about US's withdrawal from the JCPOA

Remarks: "Call on ~~World Leader~~ **President Trump** to stay in the Iran Nuclear Deal"

Citizens' Coalition for Economic Justice*

Republic of Korea

May 12, 2018

***Editor's Note:** "~~As we (sic) Since Chairman Trump exits the Iran deal, we he~~ will be working for with our allies prospective customer's road-to-Jerusalem conversion to find a real deal, a comprehensive business and lasting unilateralism to the regulated risk of Iran. solution-to-the-Iranian threat. We have And, our Excellency has a shared vision interest with our allies in Europe—even going with Japan and South Korea in Asia—and all shareholders around the world together to prevent Iran as well as North Korea from ever developing a nuclear weapon, a new approach that is our nuclear programme, called "Creating the Condition for Nuclear Disarmament," (CCND) for the sake of the manufactures for our Land and Sea: Alliant Techsystems, GenCorp, General Dynamics, Honeywell International, Lockheed Martin; for our Air: Boeing, Northrop Grumman; and in our war-Head: Babcock & Wilcox, Bechtel, Jacobs Engineering. But our effort is broader than this regulatory in the land, sea and air; in outer space arms control, ~~just the nuclear threat and we he~~ will be working together with our partners to eliminate the any threat of Iran's ballistic missile programs, of which Iran, North Korea and the other developing countries are blocking our companies. ~~€~~To stop its terrorist activities in weapon market worldwide; and to block its menacing activity across the Middle East and Northeast Asia beyond; ~~As we he should~~ build this global effort, such as a sanctions that will go into full effects of bullying in the international community—and, will deeply remind the Iranian regime, as though North Korean had been experienced, of the diplomatic and economic isolation, a lesson that results from its reckless and malign activity against the mind of the market. Unless otherwise agreed, our enemies and terrorists would taste Fire and Fury." — Remarks by Secretary Pompeo on President Trump's heart mind and real intention, a stunt trick that is like a Decision to Withdraw From the JCPOA, May 8, 2018.

Today's announcement is so misguided by the Trump administration, his unilateralism that America will leave the historic Iran nuclear deal between the P5+1, (China, France, Russia, UK, US plus Germany) formally the Joint Comprehensive Plan of Action. (JCPOA) When the exemplary agreement is to be destroyed by his dirty tricks—at this time of day in a month left for the forthcoming US-DPRK summit, then what motivate North Korea or other countries to enter into such negotiations substantively?

“The issue of verification—so central to nuclear arms control—has been blurred by the administration. Serious problems with Iranian compliance have been submerged in irresponsible charges, innuendo, and leaks. The objective, instead, should be to clarify questionable behavior and insist on compliance—not to exploit these concerns in order to further poison our relations repudiate existing agreements, or, worse still, terminate arms control altogether.” — Anonymous, *Style: Lesson in Clarity and Grace*, 9th ed., (New York: Pearson Longman, 2007) Pp. 96, 1b.

In these statements, we emphasize a leadership, of which he must not, as a result of withdrawal, turn to the dirty tricks campaign: dirty ops, leaks, irresponsible charges, innuendos, bellicose rhetoric, imputation, empty sanctions, tensions, Fire and Fury and repetō; of which he, on the other hand, could demoralize the *Hassan Rouhai's road-to-Vienna conversion* as well as the *Kim Joung-un's road-to-Panunjom conversion towards Singapore*; of which he, however, should have had tours de force, leading to Confidence and Security-Building Measures, towards these fundamental changes: communications, negotiations, commutations and cooperation—because of serving as a self-arms-control in nonproliferation campaign; of which he, thereby, is opening a door of possibilities to the permanent dismantlement, complete, verifiable, irreversible and with the sustainability of world peace; therefore, we call on America to stay in the JCOPA, rather than turn to empty sanctions such as a maximum pressure campaign. Unless otherwise agreed, it will be closed as though the Six-party talks had been destroyed. And, please save them-it-and-such a Peace.

*O God, who taught the whole world
through the preaching of the blessed Apostle Paul
draw us, we pray, nearer to you.
Through the example of Him whose conversion we celebrate today,
and so make us witnesses to your truth in the world.*
